

Contents Vol. 19 (2010)

Vol 19 no 1

- Lindqvist, I., Lindqvist, B., Tiilikkala, K., Hagner, M., Penttinen, O.-P., Pasanen, T. and Setälä, H. 2010. Birch tar oil is an effective mollusc repellent: field and laboratory experiments using *Arianta arbustorum* (Gastropoda: Helicidae) and *Arion lusitanicus* (Gastropoda: Arionidae). *Agricultural and Food Science* 19: 1-12.
- Hagner, M., Pasanen, T., Lindqvist, B., Lindqvist, I., Tiilikkala, K., Penttinen, O.-P. and Setälä, H. 2010. Effects of birch tar oils on soil organisms and plants. *Agricultural and Food Science* 19: 13-23.
- Hagner, M., Penttinen, O.-P., Pasanen, T., Tiilikkala, K. and Setälä, H. 2010. Acute toxicity of birch tar oil on aquatic organisms. *Agricultural and Food Science* 19: 24-33.
- Sooväli, P. and Koppel, M. 2010. Efficacy of fungicide tebuconazole in barley varieties with different resistance level. *Agricultural and Food Science* 19: 34-42.
- Tamm, K., Vösa, T., Loko, V., Kadaja, J., Vettik, R. and Oit, J. 2010. The impact of distance to the farm compound on the options for use of the cereal plot. *Agricultural and Food Science* 19: 43-56.
- Pradhan, S.K., Pitkänen, S. and Heinonen-Tanski, H. 2010. Fertilizer value of urine in pumpkin (*Cucurbita maxima* L.) cultivation. *Agricultural and Food Science* 19: 57-68.
- Ochmian, I., Grajkowski, J. and Skupień, K. 2010. Effect of substrate type on the field performance and chemical composition of highbush blueberry cv. Patriot. *Agricultural and Food Science* 19: 69-80.
- Väre, M., Pietola, K. and Weiss, C.R. 2010. The irrelevance of stated plans in predicting farm successions in Finland. *Agricultural and Food Science* 19: 81-100.

Vol 19 no 2

- Bonesmo, H., Nordang, L. and Davies, L. 2010. Tactical decisions of concentrate level, slaughter age and carcass weight of bulls of five beef breeds under Norwegian conditions. *Agricultural and Food Science* 19: 101-115.
- Huuskonen, A. and Joki-Tokola, E. 2010. Performance of growing dairy bulls offered diets based on silages made of whole-crop barley, whole-crop wheat, hairy vetch and grass. *Agricultural and Food Science* 19: 116-126.
- Bakal, S.B., Gedam, K.H. and Sharma, G.P. 2010. Drying characteristics and kinetics of fluidized bed dried potato. *Agricultural and Food Science* 19: 127-135.
- Stupski, J., Lisiewska, Z., Kmiecik, W., Gębczyński, P. and Sobczyńska, L. 2010. The effect of processing on the amino acid content in green cauliflower. *Agricultural and Food Science* 19: 136-143.
- Kaukoranta, T., Tahvonen, R. and Ylämäki, A. 2010. Climatic potential and risks for apple growing by 2040. *Agricultural and Food Science* 19: 144-159.
- Räty, M., Horn, R., Rasa, K., Yli-Halla, M. and Pietola, L. 2010. Compressive behaviour of the soil in buffer zones under different management practices in Finland. *Agricultural and Food Science* 19: 160-172.
- Mustonen, L., Wallius, E. and Hurme, T. 2010. Nitrogen fertilization and yield formation of potato during a short growing period. *Agricultural and Food Science* 19: 173-183.
- Bergjord, A.K., Bonesmo, H. and Skjelvåg, A.O. 2010. Model prediction of frost tolerance as related to winter survival of wheat in Finnish field trials. *Agricultural and Food Science* 19: 184-192.
- Žgajnar, J., Erjavec, E. and Kavčič, S. 2010. Multi-step beef ration optimisation: application of linear and weighted goal programming with a penalty function. *Agricultural and Food Science* 19: 193-206.

Vol 19 no 3

- Ghavi Hossein-Zadeh, N. and Ardalan, M. 2010. Comparison of different models for the estimation of genetic parameters of body weight traits in Moghani sheep. *Agricultural and Food Science* 19: 207-213.
- Huuskonen, A., Joki-Tokola, E., Honkavaara, M., Tuomisto, L. and Kauppinen, R. 2010. Meat quality and fatty acid profile of m. *Longissimus dorsi* of growing bulls under insulated, uninsulated and outdoor housing conditions. *Agricultural and Food Science* 19: 214-222.
- Winiarska-Mieczan, A. and Kwiecień, M. 2010. The influence of raw grass pea (*Lathyrus sativus* L.) seeds on growth performance and biochemical and haematological parameters in the blood of grower-finisher pigs. *Agricultural and Food Science* 19: 223-232.
- Świątkiewicz, S., Koreleski, J. and Arczewska-Włosek, A. 2010. Egg performance, egg quality, and nutrient utilization in laying hens fed diets with different levels of rapeseed expeller cake. *Agricultural and Food Science* 19: 233-239.
- Bañón, S., Bedia, M., Almela, E. and Martínez, P.J. 2010. Improving the quality of dry-cured sausages using pork from rustic breeds. *Agricultural and Food Science* 19: 240-251.
- Nissinen, O., Kalliainen, P. and Jauhiainen, L. 2010. Development of yield and nutritive value of timothy in primary growth and regrowth in northern growing conditions. *Agricultural and Food Science* 19: 252-268.

Vol 19 no 4

- Hansson, H., Ferguson, R. and Olofsson, C. 2010. Understanding the diversification and specialization of farm businesses. *Agricultural and Food Science* 19: 269–283.
- Värv, S., Kantanen, J. and Viinalass, H. 2010. Microsatellite, blood group and transferrin protein diversity of Estonian dairy cattle breeds. *Agricultural and Food Science* 19: 284–293.
- Rybarczyk, A., Kmiec, M., Szaruga, R., Napierala, F. and Terman, A. 2010. The effect of calpastatin polymorphism and its interaction with *RYR1* genotypes on carcass and meat quality of crossbred pigs. *Agricultural and Food Science* 19: 294–301.
- Martínez-Fernández, A., Soldado, A., Vicente, F., Martínez, A. and de la Roza-Delgado, B. 2010. Wilting and inoculation of *Lactobacillus buchneri* on intercropped triticale-fava silage: effects on nutritive, fermentative and aerobic stability characteristics. *Agricultural and Food Science* 19: 302–312.
- Alakukku, L., Ristolainen, A., Sariikka, I. and Hurme, T. 2010. Surface water ponding on clayey soils managed by conventional and conservation tillage in boreal conditions. *Agricultural and Food Science* 19: 313–326.
- Uusi-Kämppä, J. and Mattila, P.K. 2010. Nitrogen losses from grass ley after slurry application - surface broadcasting vs. injection. *Agricultural and Food Science* 19: 327–340.
- Peltonen-Sainio, P. and Jauhiainen, L. 2010. Cultivar improvement and environmental variability in yield removed nitrogen of spring cereals and rapeseed in northern growing conditions according to a long-term dataset. *Agricultural and Food Science* 19: 341–353.
